

Lecenté c·r·e·a·t·e

Lecenté Create Foil Gel Application— Create System **Full Coverage Nail Foil Application**

1. Perform P.E.P. and apply **Lecenté Create Base Coat** and **Lecenté Colour Gel Polish** of your choice following our step-by-step guidelines.

2. Remove the inhibition layer from Lecenté Create Colour Coat using a lint free wipe and IPA.

3. Apply a layer of Lecenté Create Foil Gel using the same amount of product as you would for Lecenté Create Base Coat—see our step-by-step guidelines - and cure in the Lecenté Create Lamp for 2 minutes.

4. Cut a piece of foil to the size of the nail for full coverage and apply, rubbing over the foil with a lint free wipe firmly and carefully starting at the centre working towards to edges to ensure the foil is transferred. Peel back the foil.

5. Apply **Lecenté Create Top Coat ensuring the side walls and free edge are fully capped**—please refer to our top coat step-by-step guidelines.

6. Cure in your Lecenté Lamp for 30 seconds and wipe over the nail with IPA with a lint free wipe for optimum shine.
